SKILLS

- Programming: Java
- Frontend: HTML, CSS
- Backend: Node.js
- Database: MySQL
- Core Concepts: Data Structures & Algorithms (DSA)

PROJECTS

Personal Portfolio Website

Tech: HTML, CSS, JavaScript

- Developed a responsive personal portfolio website to showcase projects, skills, and achievements.
- Implemented clean UI design and optimized layout for better user experience across devices.
- Integrated project links and GitHub repositories for easy access and demonstration.

DSA Problem Solver Application

Tech: Java

- Built a Java-based application to practice and demonstrate common data structure & algorithm problems.
- Implemented algorithms including array manipulation, string processing, and searching techniques.
- Improved problem-solving ability by applying optimized logic and efficient coding practices.

EXPERIENCE

Fresher - Software Developer Intern (Open to Opportunities)

- Actively building projects and improving practical knowledge in Java, Web Development, and DSA.
- Practicing coding problems and developing small applications to strengthen programming skills.
- Learning backend development using Node.js and database management with MySQL.

ACHIEVEMENTS

- Secured Third Place in an Inter College Hackathon by developing a creative technical solution with a team.

EDUCATION

KPR College of Arts Science and Research, Coimbatore, India (2024 - 2027)

B.Sc Information Technology -- CGPA: 6.7
